ABSTRACT

In this ninth Council on Public Higher Education report, the origin of the 120,359 students enrolled in 41 of the 42 Kentucky colleges and universities accredited by the Southern Association of Colleges and Schools is reported. The data presented for each institution includes the origin of students by state, foreign country, and Kentucky county. The tabular data indicate an overall enrollment increase of 7.9 percent from 1974 to 1975. Further data are given on in-state student enrollment, first-time freshmen, and out-of-state students. FOREWORD

This is the ninth Council on Public Higher Education report on the origin of students enrolled in the 42 Kentucky colleges and universities accredited by the Southern Association of Colleges and Schools. The information presented for each institution includes the origin of students by state, foreign country, and Kentucky county.

The compilation of data here was made possible through the cooperation of the reporting institutions and the Division of Research, Kentucky Department of Education. Figures within the report were checked and verified to insure they will serve as an accurate source of information. Enrollment figures are headcount and are reconciled with the Council publication, Kentucky College and University Enrollments, 1975.

This report was prepared by Sue D. McDade and Ken Walker, Council staff higher education specialists, and was typed by Karen Ellis, a Council staff senior clerk-stenographer.

A. D. Albright
Executive Director
Council on Public
Higher Education

Origin of Enrollments, 1975, is an outline of student enrollments for the fall semester of 1975 at 41 of the 42 accredited Kentucky colleges and universities. (Data were not received from Brescia College.) The enrollments are grouped for each institution by county for Kentucky resident students and by state, territory or country for non-resident students. These figures are total enrollment by headcount and are reconciled with the Council publication Kentucky College and University Enrollments, 1975.

The Kentucky state-supported (public) and independent (private) institutions of higher education enrolled 120,359 students during the fall semester of 1975. This was an increase of 8,803 students over 1974. Additional information about Kentucky high school graduates and the percentage of the 1975 graduating classes attending can be found in Holding Power and Graduates, published by the Division of Research, Kentucky Department of Education. A few general findings related to the overall enrollment characteristics of the state-supported sector of higher education and the independent sector follow:

1. The total enrollment of Kentucky colleges and universities increased 7.9 percent from 1974 to 1975.

   The state-supported colleges and universities experienced a 9.5 percent increase in students with an enrollment of 104,533.

   The independent college and university sector had a 1.7 percent decrease in enrollments from 1974 to 1975, with an enrollment of 15,826 in the fall of 1975.

2. There were 101,062 Kentuckians enrolled in the accredited colleges and universities of the Commonwealth, representing a 9.2 increase over 1974.

The state-supported college and university sector enrolled 90,717 Kentuckians, a 10.3 percent increase over 1974.

The independent colleges and universities enrolled 10,345 Kentuckians, a 0.7 percent increase over 1974.

3. First-time freshmen enrolled in Kentucky colleges and universities totaled 26,121, an 11.2 percent increase over the 1974 freshman enrollments.

First-time freshman enrollment in the state-supported colleges and universities was 21,562. This figure is a 12.8 percent increase over 1974 enrollments.

First-time freshman enrollment in the independent college and university sector was 4,559, a 4.4 percent increase over 1974.

4. There were 21,911 Kentuckians enrolled as first-time freshmen in the fall semester of 1975. This is a 13.5 percent increase over the 1974 figure.

Of the total, 18,196 enrolled in the state-supported institutions, a 14.1 percent increase over the 1974 first-time freshman enrollment.

The remaining 2,995 Kentuckians enrolled as first-time freshmen in the independent colleges and universities, a 10.2 percent increase over 1974 first-time freshman enrollment.

5. Kentucky colleges and universities enrolled 19,297 out-of-state students for the fall semester of 1975. This figure represents 16.0 percent of the total enrollment.

A total of 13,816 out-of-state students enrolled in the state-supported colleges and universities, representing 13.2 percent of their total enrollment for fall, 1975.

A total of 5,481 out-of-state students enrolled in the independent colleges and universities, representing 34.6 percent of their total fall, 1975, enrollment.

6. Kentucky high schools graduated 46,252 students in 1975. The number of Kentuckians enrolled as first-time freshmen in Kentucky colleges and universities for the 1975 fall semester was equal to 47.4 percent of the 1975 Kentucky high school graduates.

7. The number of Kentuckians enrolled in Ken-

tucky colleges and universities rose from 80,562 in 1971 to 101,062 in 1975, a 25.4 percent increase during the five-year period.

8. In 1969 the Council on Public Higher Education adopted a policy to limit the out-of-state student enrollment in the state system of colleges and universities to 15 percent of the undergraduate enrollment by the fall semester of 1972. The policy also indicated that an individual state-supported institution should not exceed 20 percent out-of-state students in its undergraduate enrollment. The 1975 fall semester enrollment for the state system indicated 12.0 percent of the undergraduates are out-of-state students.

Additional information about institutional enrollments may be found in Kentucky Colleges and University Enrollments, 1975.
